

**YB DATUK WILSON UGAK KUMBONG  
DEPUTY MINISTER OF DIGITAL MALAYSIA**

As we navigate the complexities of the digital age, it becomes imperative for us to fortify our digital defences and ensure the resilience of our digital infrastructure. The digital landscape has become an integral part of our daily lives, encompassing communication, commerce, healthcare, and governance. However, with these advancements come new challenges that demands our attention and proactive measures.

It is heartening to witness the dedication of experts, professionals and organizations who have come together at CyberDSA 2024. Such collaborative efforts will undoubtedly contribute to building a more secure and resilient digital ecosystem for tomorrow.

We acknowledge the importance of continuous innovation, investment, and international collaboration. Let us seize the opportunities presented at CyberDSA 2024 to collectively enhance our capabilities and chart a course towards a safer digital future.

Join us as we embark on a journey to fortify our digital defences, ensure the resilience of our systems, and pave the way for a safer digital future. Together, let's harness the power of technology to build a more secure and resilient cyber landscape.

Thank you and may CyberDSA 2024 be a resounding success in our shared pursuit of a more secure digital future.
